

Participant Application for Sonoma State University Program

pianoSonoma is a non-profit arts organization dedicated to providing a unique forum for emerging Artists in Residence to interact with serious, adult musicians through concerts, chamber music rehearsals, classes, and community outreach. By helping to educate festival participants in the arts of musicianship and performance, Artists in Residence develop leadership and communication skills, while gaining valuable teaching experience. Through this intersection of musicians and their collaborations in community concerts, we also create new audience awareness and appreciation of classical music.
